

REMARKS

Favorable reconsideration of this application is respectfully requested.

By way of the present amendment being submitted with the Appeal Brief, Applicants have attempted to correct three minor errors which have now been noted. In claim 10, there is a reference to "said cover" for which no antecedent basis is present in claim 8. Accordingly, claim 10 has been amended to now depend from claim 9. Likewise, in claim 24, there is no antecedent basis for "the lower portion" in the next to the last line. Accordingly, "a" has been utilized and a reference to the cooling fins has been inserted so that the claim is complete. Claim 17 is amended to correct a misspelling.

Entry of Amendment

Applicants submit that the entry of this Amendment does not raise any new issues since it is only designed to avoid antecedent basis problems and other clear errors. Applicants submit that entry of the Amendment is appropriate since it eliminates potential problems on appeal. Accordingly, entry of the Amendment is respectfully requested.
